Title

A resolution of the City Council of the City of Miami Gardens, Florida, authorizing the City Manager to issue a purchase order in the amount of \$60,875. to Law Enforcement Supply company, for the purchase of fifteen (15) Talon Handheld/Mounted Speed Enforcement units and two (2) Smart Speed Enforcement trailers; providing for the adoption of representations; providing an effective date.

Staff Summary

When the MGPD transitions police service from Miami-Dade County (MDC) on December 1, 2007, use of speed enforcement radar hand held or mounted units will be an integral part of daily police operations. The speed enforcement radar trailer is also an integral part of daily police operations. The radar equipment provides law enforcement with advantages in deterring drivers from speeding on city streets. Funding is available in the General Fund, Police Department budget.

Analysis

In order to provide the best police service available, the transition team researched various speed enforcement radar units and determined that the best continued performance was provided by Kustom Signals, Inc.'s Talon II with directional capabilities and the Kustom Signal, Inc.'s Smart VMS III which has a variable message sign display.

Specifications were prepared by staff for the purchase and delivery of 15 Talon II speed enforcement hand held or mounted radar units with charger and 2 Smart Trailer speed enforcement radar trailers and advertised on May 25, 2007. A broadcast notice was sent to 128 vendors. Seven vendors requested bid packages. The bids were opened on June 7, 2007. Four bids were received and publicity read one was a "no bid". (**Attachment 1 - tabulation sheet**).

The bids were analyzed for compliance with the specifications. The units (Talon II and Smart Trailers) submitted by Law Enforcement Supply Company were determined to be in compliance with the specifications.
