

**CITY OF BOYNTON BEACH
INTEROFFICE MEMORANDUM**

TO: FILE

DATE: September 13, 2012

**FROM: Diane LeRay, CPPO, CPPB, FCPM
Contract Administrator**

**RE: Bid No.: 066-2730-12/DJL – Sod and
Sod Installation**

The Southeast Florida Governmental Purchasing Cooperative encompasses forty-five (45) governmental agencies amassed in an effort to allow for cost savings, and cost avoidances to each entity by way of utilizing the buying power of combined requirements for common basic commodities/services.

To that end, this Invitation to Bid was created in collaboration with twenty (20) Southeast Florida Purchasing Cooperative entities to include the City of Boynton Beach within the Miami-Dade, Broward, and Palm Beach geographical area.

The City was requested as lead agency to replace an existing contract to provide Sod and Sod Installation. Broward College being the previous lead agency forwarded pertinent specifications. Also, the governmental agencies involved submitted their annual usage to create Invitation to Bid # 066-2730-12/DJL which was released and advertised on August 10, 2012. No pre-bid conference was held. The bid opening occurred on August 29, 2012.

The purpose of this Invitation to Bid is to contract with a two (2) qualified Contractors as Primary and Secondary to furnish, deliver and install various species of sod to include but not limited to St. Augustine: Floratam, Palmetto, Bahia, Argentine, Pensacola; Bermuda: Tifway 419 "Certified", Tifway 419, "Uncertified", Tifgreen 328, Celebration, Tif Dwarf; Paspalum Sea Dwarf; Sealsle Supreme Paspalum "Certified"; Ultimate Flora Zoysia; Hammock Centipede, and Wildflower Sod.

The solicitation document was uploaded to the City's e-Procurement system, Demandstar.com to ensure that a broader vendor base would be invited to participate. In addition, this method provides for administrative savings in response to the reduction of human resources. All Bidders were advised to retrieve the documents from Demandstar.com to ensure that the correct documents were in their possession.

In addition to the newspaper advertising, one-hundred and eight (108) firms were invited to bid that included fifty-one (51) supplemental bidders derived from the City's vendor database. The Invitation to Bid was distributed by Demandstar.com. Ten (10) bid packages were issued as plan holders, including three (3) firms identified as small business owners.

As a result, a total of five (5) firms submitted bids. Below is a summary of the bids received:

BIDDERS	Location
Mullings Engineering Services, LLC.	Sunrise, Florida
Odum's Sods, Inc.	Loxahatchee, Florida
South Florida Grassing, Inc.	Hobe Sound, Florida
Sunset Sod, Inc.	Miami, Florida
Tropical Landscaping and Lawn Maintenance, Inc.	Homestead, Florida

Each bid response was evaluated based upon responsiveness, responsibility and cost for eight-four (84) items. Few of the respondents did not submit licensure nor proof of insurance which was requested by the City during evaluation, on the basis that the "City may request documentation providing evidence acceptable to the City demonstrating the Bidder's fiscal responsibilities, prior experience and present capability to meet all the Bidder's obligation set forth in the Bid documents" (General Conditions Item 23 "Eligibility"). Said documents were submitted deeming all bidders responsive. Additionally, Contractors disclosed revenues ranging from \$250,000 to \$5,000,000 as evidence of their fiscal responsibility and all contractors were checked to ensure they are current and valid to do business in Florida.

All bid prices were evaluated to ensure that the unit price extensions were correct, where applicable. There were some errors identified and said Bidders were requested to submit the corrections. This action was validated as per General Conditions, Item 20 "Mistakes" stating, "In the event of extension error(s), the unit price will prevail and the Bidder's total offer will be corrected accordingly."

As stipulated in the solicitation document; award is made to two (2) bidders (primary and secondary) by ITEM and/or by GROUP to geographical areas as North (North Broward/Palm Beach County), South (South Broward/Miami-Dade) and Central (Central Broward County) to the lowest, responsive, responsible bidder(s) for a period of two (2) initial years with three (3) additional one (1) year renewal periods. Cost adjustments will be allowed after two (2) years with the onerous on the Contractor to request for price increase submitting detailed backup documentation. The primary contractor will be offered the largest volume of the work and the secondary will be in place to ensure availability of said goods and services.

Based on the evaluations that were conducted in accordance with the Purchasing policies and procedures and adherence to certain Florida statutes, the Procurement Services Division recommends award of the contract to Mullings Engineering Services, LLC, Odum's Sods, Inc. South Florida Grassing, Inc. Sunset Sod, Inc. and Tropical Landscaping and Lawn Maintenance, Inc, as the lowest most responsive, responsible bidders' as attached in detail.

SOD AND SOD INSTALLATION
