

Finance And Budget Glossary

Every human endeavor has its own words, phrases, and acronyms that are somewhat unique and that help its practitioners in conducting business. Unfortunately, government is prolific user of such language. Unfortunately, too often these terms are used with unindoctrinated audiences leading to confusion as well as frequently obscuring the message trying to be conveyed.

The following glossary of terms, phrases and acronyms commonly used primarily in municipal finance and budgeting, but also included are terms, phrases and acronyms used in related municipal endeavors such as planning, engineering, public safety and others, as you will find reference to them throughout the full budget document. This glossary is designed to help the reader as they encounter an unfamiliar statement.

Abatement – A complete or partial waiver of taxes, fees or service charges imposed by the City. **Also:** Reducing the degree or intensity of, or eliminating, pollution.

Account – A term used to identify an individual asset, liability, expenditure control, revenue control, encumbrance control, or fund balance.

Account Groups - Account groups are used to establish accounting control of general fixed assets and the unmatured principal of general long-term obligations. Assets and liabilities of these funds are neither spendable resources nor do they require current appropriation. Therefore, they are accounted for separately from the governmental fund types.

Accountability - Monitoring, measuring and evaluating the performance and progress of policies, plans and programs to ensure that results are achieved.

Accounting Period – A period of time where the City determined its financial position and results of operations. The City of Miami Gardens' accounting period is October 1st through September 30th each year. The State of Florida's accounting period is July 1 through June 30.

Accounting System – The total structure or system of records and procedures which discover, record, classify, summarize, and report information on the financial position and results of operations of a government or any of its funds, balanced account groups, or organizational components.

Across-the-Board — This phrase usually refers to a percent increase/decrease in the budget spread equally across government appropriations or within an agency across bureaus or programs.

Accrued Interest – Coupon interest accumulated on a bond or note since the last interest payment or, for a new issue, from the dated date to the date of delivery. Since interest on municipal bonds is payable semi-annually, every six months, when you buy a bond in mid-term you

are only entitled to the interest the bond earns after you buy it. The interest earned previously, the accrued interest, belongs to the seller. Some first-time bond buyers think this payment is a hidden charge or fee, not realizing that they will get it back in full at the next interest payment date as tax-free interest.

Accrual Basis of Accounting – The method of accounting which records revenues when earned (whether or not cash is then received) and records expenditures when goods or services are received (whether or not cash is disbursed at that time).

Accumulated Depreciation (credit) - The accumulation of systematic and rational allocations of the estimated cost of a capital item (Machinery, equipment, buildings, certain improvements other than buildings, infrastructure) on a historical cost basis, over the useful life of the item. This account is not used for any networks or subsystems of infrastructure that are reported using the modified approach.

Advanced Refunded Bonds - A municipality may sell a second bond issue at a lower interest rate cost, placing the proceeds of the issue in an escrow account from which the first issue's principal and interest will be repaid when due.

Aquifer - An underground geologic formation capable of storing water.

AICPA - American Institute of Certified Public Accountants.

Air Quality Testing - Third party testing programs for low emitting products and materials. Testing certifies that chemical and particle emissions meet acceptable Indoor Air Quality (IAQ) pollutant guidelines and standards. Scientific Certification Systems' (SCS) Indoor Advantage program is an example of this.

Air Quality Standards - The level of pollutants prescribed by regulations that are not to be exceeded during a given time in a defined area.

Activity – A specific and distinguishable service performed by one or more organizational components of a government to accomplish a function for which the government is responsible.

Activity Based Costing – Assembling and recording all elements of an activity that incur costs in order to determine the unit cost of the activity. Activities are specific services as performed by a program or division.

Actual - Reflects the actual financial activity for the fiscal year on the cash basis of accounting.

Actuarial - A method in the mathematics of risk, especially as it relates to insurance calculations such as premiums, reserves, dividends, and insurance and annuity rates. They work for insurance companies to evaluate applications based on risk.

Actuary - A person who performs actuarial services.

Ad Valorem - A major revenue category reflecting the value of both real and personal property. Property taxes are determined by multiplying the rate of taxation, expressed in mills (\$0.001) times the non-exempt value of property.

ADA – See: *Americans with Disabilities Act*.

Administrative Services Charges or Fees – See: *Cost Allocation Plan*.

Adopted Budget – The City Council approved budget establishing the legal authority for the expenditure of funds as set for in the adopting Council budget Ordinance.

Advance Refunding Bonds - A financing structure under which new bonds are issued to repay an outstanding bond issue prior to its first call date. Generally, the proceeds of the new issue are invested in government securities, which are placed in escrow. The interest and principal repayments on these securities are then used to repay the old issue, usually on the first call date.

AFIS – See: *Automated Fingerprint Identification System*.

A.I.A. – American Institute of Architects. When used after a person's name, it signifies that the individual is a professional architect as recognized by the state licensing authority.

Aquifer - An underground water-bearing rock formation or group of formations, which supplies groundwater, wells or springs.

Alcoholic Liquor Tax - A tax on gross receipts from the sale of liquor at retail. The tax is collected by the State of Florida and remitted back to the City.

Allocation - The expenditure amount planned for a particular project or service, but an amount that requires additional Council action or "appropriation" before expenditures will be authorized.

Alternative Energy - Usually environmentally friendly, this is energy from uncommon sources such as wind power or solar energy, not fossil fuels.

Alternative Fuel Vehicle – A car or other vehicle or piece of equipment that is powered by either a non-fossil or a mix of fuels that lower polluting emissions. It is often called a Hybrid Vehicle. Common alternative fuel sources are methanol, propane, E-85 gas, bio-diesel, Compressed National Gas, and electric.

Alternative Energy - Usually environmentally friendly, this is energy from uncommon sources such as wind power or solar energy, not fossil fuels.

Amended Budget – The adopted budget as formally adjusted as provided for in law.

American Recovery and Reinvestment Act (ARRA) - An act of Congress passed in 2009 providing for grants and other allocations of Federal funds for projects to help put Americans back to work. Also Called Stimulus Grants.

Americans With Disabilities Act (ADA) - A Federal law which addresses discrimination against individuals with disabilities. It requires that governments, among others, take certain actions to ensure access to employment, housing, voting, public facilities and transportation resources for persons with disabilities.

Amortization – The reduction of debt through regular payments of principal and interest sufficient to retire the debt instrument at a predetermined date known as maturity.

Annualization – For Revenues, the extrapolation of a revenue stream for an annual period based on a partial year collection. For expenditures, the cost of funding a budget issue for one complete fiscal year based on partial year expenditures.

Annuity - A contract between an insurance company and an individual which generally guarantees lifetime income to the individual or whose life the contract is based in return for either a lump sum or periodic payment to the insurance company. Interest earned inside an annuity is income tax-deferred until it is paid out or withdrawn.

Appraiser – One who is trained and educated in the methods of determining the value of property (appraised value) (See: *Property Appraiser*).

Appreciation - Appreciation is the increase in value of an asset. The term "appreciation" may be applied to real estate, stocks, bonds, etc.

Appropriated Fund Balance – The amount of surplus funds available to finance operations of that fund in a subsequent year or years.

Appropriation - An authorization granted by the governing body to make expenditures and to incur obligations for specific purposes. Appropriations are usually made for fixed amounts and set time periods.

APWA – American Public Works Association.

Arbitrage – A reference to the difference between the yield (interest) on governmental obligations exempt from Federal tax under Section 103 of the Internal Revenue Code and the yield on securities and obligations that are not exempt from Federal tax in which the proceeds of the governmental obligations are invested.

ARRA – See: *American Recovery and Reinvestment Act*.

Arterial Roads – The main traffic corridors that are within the city. They are fed by collector roads which pick up the traffic from local roads that provide a more localized service within specific neighborhoods.

As-Builts - Drawings, plans, surveys, etc. done after construction is complete indicating items as they were actually constructed, which may have differed from original plans.

Assessed Valuation - For property taxation purposes, the County's Property Assessor establishes a market value for all real and for certain personal property within the County. In Florida, property is assessed at full market value using appraisal techniques based upon comparable sales or construction cost data. The value established for the real property is used as a basis in levying property taxes. Under Florida law, annual increases in valuation are limited to a maximum of 3%. However, increases to full value are allowed for property improvements, upon change in ownership, and 5% for non-homestead property. Homeowners and certain veterans and senior citizens can qualify for exemptions under state code.

Asset - Resources owned or held by a government, which have monetary value.

Attrition - A method of achieving a reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Audit - An audit is a review of the City's financial records prepared by an independent Certified Public Accountant (CPA). The primary objective of an audit is to determine if the City's Financial Statements present fairly the City's financial position and results of operations in conformity with GAAP. In conjunction with their performance of an audit, it is customary for an independent auditor to issue a Management Letter stating the adequacy of the City's internal controls as well as recommending improvements to the City's financial management practices.

Authorized Positions - Employee positions which are authorized or funded in the adopted or amended budget.

Automated Fingerprint Identification System - A biometric identification methodology that uses digital imaging technology to obtain, store, and analyze fingerprint data. The AFIS was originally used by the U.S. Federal Bureau of Investigation (FBI) in criminal cases.

Available Fund Balance - The annual dollar amount of available reserves a municipality has in its operating and reserve funds at fiscal year-end.

Average life - The average length of time an issue of serial bonds and/or term bonds with mandatory sinking funds and/or estimated prepayments is expected to be outstanding. It also can be the average maturity of a bond portfolio.

Backflow - The undesirable reversal of flow of water or mixtures of water and other liquids, gases, or other substances into the distribution pipes of the potable water supply from any source.

Backflow Prevention Device - A physical device placed on all connections to a public water system that prevents water from flowing backwards from a user back into the potable water line.

Balance Sheet - The basic financial statement which discloses the assets, liabilities, and equities of an entity at a specified date in conformity with GAAP.

Balanced Budget - A budgetary state in which planned expenditures equal anticipated revenues. In Florida, it is a requirement that governmental budgets submitted and approved be balanced.

Balloon Maturity - An inordinately large amount of bond principal maturing in any single year. Also called a Term Bond.

B.A.N. - See *Bond Anticipation Note*

Basis of Accounting - A term used to refer to when revenues, expenditures, expenses, and transfers--and the related assets and liabilities--are recognized in the accounts and reported in the financial statements. The City of Miami Gardens uses the modified accrual basis of accounting for accounting and budgeting. (See: *Modified Accrual Accounting*).

Basis Point - One basis point is calculated as 1/100th of a percentage point.

Beacon Council - An organization charges with bringing new, job generating business to the communities within Miami-Dade County, while assisting existing businesses in their efforts to expand. It markets Miami-Dade County worldwide as a viable, attractive business location and provides a variety of free services to companies interested in relocation.

Bearer Bond - A bond that has no identification of the owner of the security. It is presumed to be owned by the bearer or the person who holds it. It was much sought after because of the ease of transferring or gifting. All bonds issued prior to June 1983 were bearer bonds; since then, they have been issued in Registered Bond form.

Beginning Balance - The beginning balance is the residual non-restricted funds brought forward from the previous fiscal year. (Also see: *Fund Balance, Carry-Over and Cash Forward*).

Benchmark(ing) - A standard or point of reference in measuring or judging quality, value, etc. For municipalities to identify appropriate benchmarks, these are two issues to address: The availability of data and the suitable comparability of data.

Best Management Practices (BMPs) - In environmental regulation, Best Management Practices are defined as "source control" and "that practice which is used for a given set of conditions to achieve satisfactory water quality and quantity enhancement at a minimum cost." More simply put, BMPs refers to many practices or types of controls, for example: a silt fence or staked hay bales during construction to prevent erosion; limiting the removal of vegetation and limiting the time bare land is exposed to rainfall; sweeping streets to keep pollutants and litter from being washed into the storm sewer system; fertilizer and pesticide application control; and structural controls such as physical containment of

stormwater in ponds to allow settling, filtration and percolation.

Bid - An offer submitted by a vendor in response to a Request for Bid.

Bid Bond - An insurance agreement, accompanied by a monetary commitment, by which a third party (the surety) accepts liability and guarantees that the vendor will not withdraw the bid or proposal, and that the vendor will accept the contract as bid or proposed, or else the surety will pay a specific amount.

Biennial Budgeting - A process that estimates revenues and expenditures for a two-year period.

Bio-Degradable - A material or substance capable of decomposing quickly and without harmful effects to the environment when left exposed to nature.

Bio-Fuels - Fuels that are made from renewable raw materials, such as plant biomass or vegetable oils; considered to burn cleaner than petroleum-based fuels that pollute the environment. (Also see: *Alternative Fuel Vehicles*)

Biomass - Biomass refers to living and recently dead biological material that can be used as fuel or for industrial production. Most commonly, biomass refers to plant matter grown for use as bio-fuel, but it also includes plant or animal matter used for production of fibers, chemicals or heat. Biomass may also include biodegradable wastes that can be burnt as fuel. It excludes organic material which has been transformed by geological processes into substances such as coal or petroleum.

Block Grant - Allocation of Federal money to a state or its subdivision in accordance with a distribution formula prescribed by law or administrative regulations, for activities of a continuing nature within a restricted subject area. (Also see: *CDBG*)

BMP – See: *Best Management Practices*.

Boilerplate - Refers to the standardized or pro forma language that is used at the front of a bill, ordinance, bid, request for proposal or other document that states findings or conditions common to all such documents (i.e. on bids: Bid procedure, disclaimers, standard requirements, insurance requirements, etc).

Bond – A bond is a written promise to pay a specified sum of money (called face value or principal amount) at a specified date or dates in the future (called maturity) together with interest at a specified rate

Bond, A - A unit of debt, \$1000 of principal or par amount. For 200 years municipal bonds were sold in \$1000 denominations. Since the mid-1970s the minimum bond denomination has been \$5000; nevertheless, "A Bond" is bought, sold, referred to and priced as if it were \$1000.

Bond Anticipation Notes – Short-term interest-bearing notes issued by a government in anticipation of bonds to be issued at a later date. The notes are retired from the proceeds of the bond issue to which they are related.

Bond Counsel - A specialized attorney with primary role to certify both that the issuer has legal authority to issue the bonds and that the securities qualify for applicable tax exemption (See: *Bond Counsel's Opinion*).

Bond Counsel's Opinion – Opinion which usually addresses (1) whether the Bonds are valid and binding obligations of the Issuer; (2) the source of payment or security for the Bonds; and (3) whether and to what extent interest on the Bonds is exempt from Federal income taxes and from taxes, if any, imposed by the state of Issue.

Bond Covenant - A legally enforceable promise made by an issuer of bonds to the bondholders, normally contained in the bond resolution (e.g., pledged revenues).

Bond Funds – Resources derived from issuance of bonds for specific purposes, usually to finance capital expenditures.

Bond Insurance - Insurance issued by a private insurance company for either an entire issue or specific maturities that guarantees to pay principal and interest when due. This will provide a credit rating of triple-A and thus a lower borrowing cost for the issuer.

Bond Issued – Bond sold.

Bond Premium - The amount at which a bond or note is bought or sold above its par value or face value without including accrued interest.

Bond Rating – A rating made by an established bond rating company from a schedule of grades indicating the worthiness or the probability of repayment of principal and interest on bonds issued. The three principle bond rating agencies for municipalities are: Standard & Poors, Moodys Investor Service, and Fitch.

	Moody's	Standard & Poor's	Fitch
Best Quality	Aaa	AAA	AAA
High Quality	Aa1 Aa2 Aa3	AA+ AA AA-	AA+ AA AA-
Upper Medium Grade	A1 A2 A3	A+ A A-	A+ A A-
Medium Grade	Baa1 Baa2 Baa3	BBB+ BBB BBB-	BBB+ BBB BBB-

Bonded debt - The portion of an issuer's debt structure represented by outstanding bonds, sometimes limited by constitutional or legislative restraints.

Bonded Debt Per Capita – The amount of City indebtedness represented by outstanding bonds divided by the City's population, used to indicate the City's credit position by referring to the proportionate debt per resident.

Brownfield - Brownfields are abandoned or idle properties where real or perceived contamination hinders redevelopment. Most brownfields have a history of

industrial use and many are found in distressed communities. Fear of environmental contamination is a serious disincentive to redevelopment and hampers reinvestment in the urban core.

Budget - A plan of financial operation embodying an estimate of proposed expenditures for the fiscal year and the proposed means of financing such expenditures. The term also denotes the officially approved expenditure ceiling under which the City and its departments operate.

Budget Amendment - The Council has the sole responsibility for adopting the City's budget, and may amend or supplement the budget at any time after adoption. The budget must be amended by Ordinance and include a public hearing. The City Manager has the sole authority to approve budget adjustments to the budget as outlined in the budget ordinance.

Budget Calendar - The schedule of key dates or milestones that a government follows in the preparation and adoption of the budget.

Budget Document (Program and Financial Plan) - The official written statement prepared by the City staff reflecting the decisions made by City Council in their budget deliberations.

Budget Hearing - A public meeting at which any citizen may appear and be heard regarding the increase, decrease or omission of any item in the proposed budget as presented in writing by the City Manager to the City Council.

Budget Message - Included in the opening section of the budget, the City Manager's budget message provides the City Council and the public with a general summary of the most important aspects of the proposed/adopted budget.

Budget Ordinance - A law which establishes the schedule of revenues and expenditures for the upcoming fiscal year by fund, which is adopted by City Council each year.

Budget Policies - General and specific guidelines adopted by the City that govern the financial plan's preparation and administration.

Budget Schedule - The schedule of key dates which a government follows on the preparation and adoption of the annual budget.

Budget Transfer - The movement of funds between accounts or funds within the adopted budget.

Budgetary Basis - The method of accounting applied to the budgetary accounts and process.

Budgetary Control - The control or management of an entity in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Building Permits - The City requires that building permits be obtained for most construction activity to ensure that structures meet specific standards. The City requires various construction permits for activities such as the installation of electric, plumbing, and sewage facilities. The City charges a fee for issuing these permits in order to recover only the costs incurred. These fees are collected into the Development Services Fund.

Business Tax Receipt - A subcategory of Licenses and Permits which reflects revenue derived from the issuance of occupational or professional licenses. Formerly called Occupational Licenses or Tax.

CAD - See: *Computer Aided Dispatch System*.

CADD - Computer Aided Design & Drafting, a component of the Public Works design software.

CAFR - See: *Comprehensive Annual Financial Report*.

Call - An option that gives the holder the right to buy an underlying security at a preset price within a specified time.

Cap - A "cap" is a legal limit on total annual discretionary spending.

Capital Expenditures - Amounts expended for fixed asset acquisitions and improvements thereto. Generally, an asset is considered a capital expenditure if over \$10,000 with an expected life of 5 years or more.

Capital Improvement Fund - An account used to segregate a portion of the government's equity to be used for future capital program expenditures.

Capital Improvement Program (CIP) - A formal long-term (multiyear) plan for the acquisition and improvement of major assets, such as land, buildings, machinery and equipment, and infrastructure.

Capital Lease - A Capital Lease is a lease that meets one or more of the following criteria, meaning it is classified as a purchase by the lessee: the least term is greater than 75% of the property's estimated economic life; the lease contains an option to purchase the property for less than fair market value; ownership of the property is transferred to the lessee at the end of the lease term; or the present value of the lease payments exceeds 90% of the fair market value of the property.

Capital Outlay - Expenditures which result in the acquisition of or addition to fixed assets. Includes the cost of land, buildings, improvements other than buildings, machinery, furniture and equipment. Miami Gardens defines a capital outlay as any item with a cost or value of at least \$5,000 and an expected lifespan of less than 5 years (Also see: *Capital Expenditure*).

Capital Project - Major construction, acquisition, or renovation activity, which adds value to a government's physical assets or significantly increases their useful life.

Capital Project Budget - A fiscal year budget adopted for the programming of items or projects with a life of five years and a value over \$10,000.

Capitalized Interest - When interest cost is added to the cost of an asset and expensed over the useful life of an asset.

Carbon Footprint - The total amount of greenhouse gas emissions released into the environment. There are many recognized methods to calculate a carbon footprint. Kimball Office has chosen the World Resources Institute (WRI) Greenhouse Gas Protocol as the guideline to calculate our corporate carbon footprint. This protocol is well respected and has been adopted by the International Standards Organization (ISO). Greenhouse gas emissions from all sources are added up and changed into units of CO2 equivalent which is used to standardize greenhouse gas emissions and allow comparisons from year-to-year and across industries. The total amount of carbon emissions, usually in metric tones per year (1 metric ton equals 2204lbs), is then reported both internally and to the public as an indication of the amount of greenhouse gas the company produces.

Carbon Neutral - A company, person or action either not producing any carbon emissions or, if it does, having been offset elsewhere.

Carbon Offset - Carbon offsetting is the act of reducing greenhouse gas emissions by allowing company's to do emissions trading. For example, a factory or production facility may be unable to reduce its own carbon footprint through its own actions, so it may voluntarily purchase credits from another party to offset their actions. The goal of carbon offsets is to attain a carbon neutral overall balance.

Carpooling - The shared use of a car by the driver and one or more passengers, usually for commuting. Carpooling reduces the costs involved in repetitive or long distance driving by sharing cars, reducing the number of cars on the road, decreases pollution, the need for parking space and, in a global perspective, reduces greenhouse gas emissions.

Carry-Over - Appropriated funds that remain unspent at the end of a fiscal year and are allowed to be retained in the appropriating budget and expended in subsequent fiscal years for the purpose designated. (Also See: *Fund Balance, Beginning Balance and Cash Forward*).

Cash Basis of Accounting – A basis of accounting in which transactions are recorded when cash is either received or expended for goods and services.

Cash Equivalents - Equivalents are defined as highly liquid investments with original maturities of three months or less, which include the State Board of Administration's investment pool and overnight repurchase agreements.

Cash Flow Budget - A projection of the cash receipts and disbursements anticipated during a given period.

Cash Forward - Reflects the balance of cash brought forward from the previous fiscal year. In the terms of the budget, this balance together with current year budgeted revenues and other financing sources equals the total available financial resources for the budget year. (Also see: *Fund Balance, Beginning Balance and Carry-Over*).

Cash Management - The management of cash necessary to pay for governmental services, while investing temporary cash excesses in order to earn interest revenue. Cash management refers to the activities of forecasting the inflows and outflows of cash, mobilizing cash to improve its availability for investment, establishing, and maintaining banking relationships.

C.C.N.A. – See: *Consultants Competitive Negotiation Act*.

Centerline Miles - The length of a road, in miles.

CERCLA - Refers to the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), commonly known as Superfund. CERCLA addresses abandoned or historical waste sites and contamination. It was enacted in 1980 to create a tax on the chemical and petroleum industries and provided federal authority to respond to releases of hazardous substances.

Certificate of Occupancy - Official certification that a premise conforms to applicable ordinances and may be used or occupied. A certificate of occupancy is granted upon completion of new construction or completion of alterations or additions to existing structures.

Certificates of Participation (COPs) - A Form of lease-purchase financing used to construct or acquire capital facilities and equipment. Certificates of participation a debt instrument and are typically secured by lease payments from the government entity using a facility. A COP issue is often used to finance projects such as prisons or courthouses necessary to provide government services but that may not enjoy sufficient public support to be financed through a voter approved general obligation bond issue. In many cases, payments by the municipality are subject to annual legislative appropriations. Interest earned on the Certificates by the private lender is tax exempt.

Certificate of Use – An official certification that business property is located and/or operates within a zoning district which allows such use. It is an annual process that requires a site inspection to ensure compliance with the zoning code.

Certificate of Re-Occupancy - A certificate ensuring that a building is consistent with zoning and nuisance codes prior to resale.

Certificate of Zoning Compliance - A written statement issued by the Development Services Department authorizing building uses, accessory building and structures, or consistent use for the purpose of carrying out and enforcing its provisions. Usually issued to a prospective buyer of property to ensure that they can carry out the intended use.

Certified Green Local Government - The Florida Green Building Coalition's Green Local Government Standard designates Green Cities and Green Counties for outstanding environmental stewardship.

Certified Public Accountant (CPA) - A professional license granted by a state board of accountancy to an individual who has passed the Uniform CPA Examination (administered by the American Institute of Certified Public Accountants) and has fulfilled that state's educational and professional experience requirements for certification.

Certificate of Deposit (CD) – An interest-bearing negotiable certificate representing a time deposit of fixed maturity issued by a commercial bank which is traded on a yield basis with interest computed for the actual number of days held on the basis of a 360-day year.

CD – See: *Certificate of Deposit*.

CDBG – See: *Community Development Block Grant*.

CDBG Operating Fund - A special revenue fund for projects funded by the Community Development Block Grant (CDBG) program of the U.S. Department of Housing and Urban Development (HUD), but not accounted for within the *capital projects fund*. The fund includes administrative costs, housing rehabilitation costs, pass-through project costs, and other costs of a non-capital improvement nature.

CDBG Recipient - Individuals or organizations that receive grants from Community Development funds.

CDD – See: *Community Development District*.

CDMP – See: *Comprehensive Development Master Plan*.

Chain of Custody - Chain-of-Custody (COC) is the documentation of the path taken by raw materials harvested from an FSC-certified source through processing, manufacturing, distribution, and printing until it is a final product ready for sale to the end consumer. **Also:** Documentation of the path taken crime-related evidence from crime scene to trial.

Change Order - A written order amending a purchase transaction previously formalized by a purchase order.

Charges for Service - A major revenue category reflecting all revenues from charges for current services, excluding revenues of intergovernmental service funds. Includes revenues related to services performed whether received from private individuals or from other governmental units, utility provision, parks and recreation fees, etc.

Charrette – A public input and design workshop used by planners in project design and formulation. The charrette provides a forum for ideas and offers the unique advantage of giving immediate feedback to the planners while giving mutual authorship to the plan by all those who participate.

Chart of Accounts - A chart of revenue and expenditure accounts (line items) used to record each type of transaction incurred by City operations.

Charter – See: *City Charter*.

CIP – See: *Capital Improvement Program*.

City Charter - The document of incorporation of a City, similar to a constitution, which establishes the City's government structure and provides for the distribution of powers and duties among various branches of government

City Council – The legislative and policy making body of the City consisting of the Mayor and six Council members collectively.

Client-Server – A computing platform where desktop personal computers (PC), known as clients, access large pools of information stored on high-speed data servers. User interaction takes place at the PC, typically through graphical interfaces such as Windows. The server manages information storage. This approach combines the PC's innovation and ease-of-use with access to large pools of data traditionally associated with mainframe computers.

CO₂ - Carbon Dioxide, a chemical compound composed of one carbon and two oxygen atoms. Carbon dioxide absorbs many infrared wavelengths of the sun's light.

CO_{2e} - CO₂ equivalent- the quantity of a given

greenhouse gas (GHG) multiplied by its global warming potential. Carbon dioxide equivalents are computed by multiplying the weight of the gas being measured (for example, methane) by its estimated global warming potential (which is 21 for methane). This is the standard unit for comparing the degree of harm that can be caused by emissions of different GHGs.

COBRA - The Consolidated Omnibus Budget Reconciliation Act is a federal law requiring employers with more than 20 employees to offer terminated or retired employees the opportunity to continue their health insurance coverage for 18 months at the employee's expense. Coverage may be extended to the employee's dependents for 36 months in the case of divorce or death of the employee.

COLA – See: *Cost of Living Adjustment*.

Collateral – Securities or other property pledged by a borrower to secure payment of a loan.

Communications Service Tax (CST) – Also known as the “Unified” or “Simplified” tax, became operative October 1, 2001, and is meant to create a simplified tax structure for communications services statewide. It is collected by the state and remitted to the local taxing jurisdictions. It replaced the utility taxes on telephone and other communications services, the cable television franchise fee, the telecommunications franchise fee and communications permit fees.

Community Development Block Grant (CDBG) - A Federal grant for community development, redevelopment and housing programs, provided certain eligibility requirements are met and maintained.

Community Development District (CDD) – A local unit of Special-purpose government. A Community Development District may charge separate non-ad valorem special assessments for satisfying the debt obligations of the District related to financing, constructing, maintaining and servicing the District's improvements and/or services.

Community Rating System (CRS) – A program under National Flood Insurance Program which sets the rate schedule for flood insurance.

Community Redevelopment Agency (CRA) - A separate local agency providing housing and economic development funding and programs within portions of the City known as the project area. The City Council may serve as the Board of Directors of the CRA.

Compensated Absences – In accordance with GASB Statement 16 (GASB 16), *Accounting for Compensated Absences*, the City accrues a liability for compensated absences, as well as certain other salary related costs associated with the payment of compensated absences. Vacation leave is accrued as a liability as the benefits are earned by the employees. Sick leave is accrued as a liability as the benefits are earned by the employees, but only to the extent that it is probable that the City will compensate the employees for unused leave.

Component Units - Legally separate organizations for which the elected officials of the primary government are accountable; or if the primary government is not accountable, the nature and significance of the component unit's financial relationship is such that to exclude it would cause the primary government's financial statements to be misleading or incomplete.

Compost - The relatively stable humus material that is produced from a composting process in which bacteria in soil mixed with garbage and degradable trash break down the mixture into organic fertilizer.

Comprehensive Annual Financial Report (CAFR) - The official financial report of a government. It includes the State Auditor's audit opinion as well as basic financial statements and supporting schedules necessary to demonstrate compliance with finance related legal and contractual provisions.

Comprehensive Development Master Plan (CDMP) - The State of Florida requires all municipal and county jurisdictions to develop a Comprehensive Plan for future growth and development within three years of incorporation. This plan should address virtually every aspect of City life and development and should reflect the local community's vision for future development. Some of the required elements of this plan include: Land Use, Parks and Recreation; Stormwater Management; Transportation, Inter-governmental Coordination; and Housing among others.

Comprehensive Planning - A general governmental services expenditure that includes the cost of providing master planning and development for the local unit. Also includes zoning, if applicable.

Computer Aided Dispatch (CAD) - a computer-based system of broadcast used to allocate police and fire response to public need.

Concurrency - Growth management requirement that public infrastructure improvements needed by public or private development are in place at the same with that development.

Connection fees - Fees charged to join or to extend an existing utility system. Often referred to as *tap fees* or *system development fees*.

Consistency - The principle according to which once an accounting principle or reporting method is adopted, it will be used for all similar transactions and events. The concept of consistency in financial reporting extends to many areas such as valuation methods, basis of accounting, and determination of the financial reporting entity. [SGAC 1].

Consultants Competitive Negotiation Act (CCNA) - A Florida law prescribing the procedure those governmental entities must follow to acquire certain professional services such as Architects, Engineers, and Surveyors.

Consumer Price Index (CPI) - A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in cost of living (i.e., economic inflation).

Contingency - An appropriation of funds which are set aside to cover unforeseen events that occur. Examples would include federal mandates, shortfalls in revenue, and unanticipated expenditures.

Contractual Services - Services rendered to a government by private firms, individuals, or other governmental agencies such as operational or maintenance agreements.

Contributions and Donations - A miscellaneous revenue subcategory that includes gifts, pledges, grants, or bequests from private, non-governmental sources.

COPs - See: *Certificates of Participation*.

Cost Allocation Plan or System - A System methodology used to allocate those charges that are performed in support of an activity but are accounted for in other departmental or fund budgets. A percentage of these costs are charged back to the operating department based on a cost allocation system. Such costs include personnel, finance administration, purchasing assistance, legal assistance, oversight, record keeping and other such general support areas.

Cost Center - A section of the total organization having a specialized function or activity, and segregated cost and revenue data.

Cost of Living Adjustment (COLA) - The cost of living adjustment is a yearly across-the-board salary increase for all employees based on the increase in the general cost increase experienced by our local economy during the previous year. While the Consumer Price Index is one measure used to determine the amount of the COLA, the final determination is based upon the recommendation of the City Manager taking into account costs and funds available.

Countywide Service Area - As the area wide government, Miami-Dade County has the responsibility to provide certain services to all residents. The countywide services include: public health, sheriff, jails, courts, mass transportation, environmental protection, certain parks and recreational areas, certain public works activities, elections, tax collection, property appraisal and social services. In addition, in some municipalities, the following services are also performed: solid waste collection and disposal, libraries, fire and rescue services.

CST – See: *Communications Service Tax*.

Culture and Recreation - A major expenditure category that includes the costs of providing libraries, parks and recreational facilities, cultural services, special events, and special recreational facilities.

CRA (Community Redevelopment Agency) – See: *Redevelopment Agency*.

Current Liabilities - Liabilities that will be due within a short time (usually one year or less) and that are to be paid out of current assets. Includes all amounts owed on the basis of invoices or other evidence of receipt of goods and services, other amounts owed for the purchase of goods and services even if not "due and payable", and deferred income (received but not earned). (Also See: *Liabilities*)

Current Yield - The ratio of the coupon rate on a bond to the dollar purchase price expressed as a percentage. Thus if you pay par or 100 cents on the dollar for your bond and the coupon rate is 6%, the current yield is 6%; however, if you paid 97 for your 6% discount bond the current yield is 6.186%. (.06 divided by 97). If you paid 102 for a 6% bond the current yield is 5.88% (.06 divided by 102).

Cushion Bonds - Bonds selling at a premium are called "cushion" bonds because they cushion the price volatility in an up and down market. By definition, a premium bond has a higher-than-market coupon interest rate. The dollar price movement of a high interest rate bond is less than that of a lower interest rate bond of the same maturity when general interest rates move up or down a few basis points.

CUSIP – The Committee on Uniform Security Identification Procedures, which was established under the auspices of the American Bankers Association to develop a uniform method of identifying municipal, United States government, and corporate securities.

Debarment - The exclusion of a person or company from participating in a procurement activity for an extended period of time, as specified by law, because of previous illegal or irresponsible action.

Debentures - A long-term loan usually repayable at a fixed date, with a fixed rate of interest. Most debentures are secured on the borrower's assets.

Debt Burden - The amount of debt carried by an issuer usually expressed as a measure of value (i.e., debt as a percentage of assessed value, debt per capita, etc.). Sometimes debt burden refers to debt service costs as a percentage of the total annual budget.

Debt Financing - Borrowing funds as needed and pledging future revenues to make current expenditures.

Debt Issuance – The sale or issuance of any type of debt instrument, such as bonds.

Debt Limit – The internal policy, statutory or constitutional maximum debt that as issuer can legally incur.

Debt Ratios – There are several key debt ratios used by the national credit rating agencies to assess a City's creditworthiness.

1. **Debt as a Percentage of Assessed Value:** This ratio indicates the relationship between a City's debt and taxable value of property in the City. It is an important indicator of the City's ability to repay debt, because property taxes are the primary source of City revenues used to repay debt. A smaller ratio is an indication that the City will be better able to withstand possible future economic downturns and continue to meet its debt obligations. Generally, ratios less than 3% are considered low. Ratios between 3%-6% are medium, and ratios over 6% are considered high.
2. **Debt Service as a Percentage of General Government Expenditures:** Net bonded debt service costs are the costs for debt to be paid out of general public revenues, as opposed to Enterprise Fund revenues. This ratio is a measure of a City's ability to repay debt without hampering other City services. A smaller ratio indicates a lesser burden on the City's operating budget. A ratio of 8% to 10% is considered reasonable.
3. **Debt Payout Ratio:** This ratio is a measure of how quickly the City retires its outstanding indebtedness. A higher payout ratio preserves the City's capacity to borrow for future capital needs. A ratio of at least 65% is desirable.

The City will maintain its annual net bonded debt service costs at a ceiling of ten percent of the General Fund expenditures, with a target ratio of eight percent.

The City will maintain a ten-year payout ratio (ie; rate of principal amortization) for its net bonded debt of not less than 65%.

Debt Service - Payment of principal and repayment to holders of the debt instruments (bonds, etc). This includes charges paid to the fiscal agents.

Debt Service as a Percentage of Expenditures - The portion of operating expenditures consumed by debt service costs.

Debt Service Fund – An accounting entity used to account for the accumulation of resources for and payment of general long term debt principal and interest on borrowed funds.

Default – The inability to pay scheduled payments on debt.

Defeasance – An advanced refunding procedure whereby a new debt issue provides funds for an interest-bearing escrow account to repay the old debt issue at its maturity dates, and the new debt replaces the old debt on the City's Statement of Net Assets. (Also see: *Advanced Refunding Bonds and Refunding*).

Default - Failure to pay in a timely manner principal and/or interest when due, or a Technical Default, the occurrence of an event as stipulated in the Indenture of Trust resulting in an abrogation of that agreement. A Technical Default can be a warning sign that a default on debt service is coming, but in reality actual debt service interruption does not always occur if the problems are resolved in time. A Technical Default will almost always drive down the price of a bond in secondary market trading.

Deferred Revenue - Resource inflows that do not yet meet the criteria for revenue recognition. Unearned amounts are always reported as deferred revenue. In governmental funds, earned amounts also are reported as deferred revenue until they are available to liquidate liabilities of the current period.

Deficit - The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Defined Benefit Plan - A defined benefit plan pays participants a specific retirement benefit that is promised (defined) in the plan document. Under a defined benefit plan benefits must be definitely determinable. For example, a plan that entitles a participant to a monthly pension benefit for life equal to 30 percent of monthly compensation is a defined benefit plan.

Defined Contribution Retirement Plan - A retirement plan under which the annual contributions made by the employer or employee are generally stated as a fixed percentage of the employee's compensation or company profits. The amount of retirement benefits is not guaranteed; rather, it depends upon the investment performance of the employee's account

Delinquent Taxes - Taxes that remain unpaid on and after the date on which a penalty for non-payment is attached.

Density - The number of dwelling units (houses, apartments, townhouses, duplexes, etc.), or buildings per unit of land. Density is often expressed as dwelling units per acre or du/ac.

Department - A separate organizational unit designated by the City Council to define and organize City operations and functions.

Depreciation - Depreciation - Charges made against earnings to write off the cost of a fixed asset over its estimated useful life. Depreciation does not represent a cash outlay. It is a bookkeeping entry representing the decline in value of an asset over time.

Design for the Environment) - A design concept that focuses on reducing environmental and human health impacts through thoughtful design strategies and careful materials selection.

Development of Regional Impact (DRI) - These are developments which are large enough to meet a threshold established by Florida law to require review by both the County and South Florida Regional Planning Council. Grant - A grant is a contribution of cash or other assets from another governmental or private agency, corporation or individual to be used for a specific purpose.

Graywater - Defined by the Uniform Plumbing Code (UPC) in its Appendix G, titled "Gray water Systems for Single-Family Dwellings," as "untreated household wastewater which has not come into contact with toilet waste. Grey water includes water from bathtubs, showers, bathroom wash basins, and water from clothes-washer and laundry tubs. It shall not include wastewater from kitchen sinks or dishwashers." The International Plumbing Code (IPC) defines graywater in its Appendix C, titled "Graywater Recycling Systems," as "wastewater discharged from lavatories, bathtubs, showers, clothes washers, and laundry sinks." Some states and local authorities allow kitchen sink wastewater to be included in graywater. Other differences with the UPC and IPC definitions can probably be found in state and local codes. Project teams should comply with the graywater definitions as established by the authority having jurisdiction in their areas.

Green Building - The practice of increasing the efficiency with which buildings use resources, such as energy, water, and building materials or land. Green buildings may use one or more renewable energy systems for heating and cooling, such as solar electric, solar hot water, geothermal biomass or any combination of these.

Green Building Certification Institute (GBCI) – The organization which administers and provides third-party project certification for commercial and institutional buildings and tenant spaces under the U.S. Green Council's Leadership in Energy and Environmental Design (See: LEED) Green building rating system.

Green Building Council – See: *U.S. Green Building Council*.

Green Design - A term used in the building, furnishings and product industries to indicate design sensitive to environmentally-friendly, ecological issues, while reducing building impacts on human health and the environment, through better seating, design, construction, operation, maintenance, and removal, the complete building life cycle.

Green Development - Development that minimizes energy consumption and minimizes pollution and the generation of wastes, while maximizing the re-use of materials and creating healthful indoor/ outdoor environments.

Green Energy - Refers to the use of environmentally friendly power and energy that comes from renewable and non-polluting energy sources. Primary green energy sources include solar, wind, geothermal, hydropower, and biomass (wood and animal waste, landfill mass).

Green Technology - Systematic knowledge and application to production processes making efficient use of natural resources, while reducing or recycling waste and controlling and minimizing the risks of chemical substance while reducing pollution.

GREENGUARD®: The GREENGUARD Certification Program is an independent, third-party testing program for low-emitting products and materials. To qualify for certification, products and materials are regularly tested to ensure that their chemical and particle emissions meet acceptable indoor air quality (IAQ) pollutant guidelines and standards. GREENGUARD Certification is a voluntary

program available to all manufacturers and their suppliers. Source: www.greenguard.org.

Greenhouse Gas (GHG) - gaseous components of the atmosphere that contribute to the "greenhouse effect" i.e. absorbs infrared radiation in the atmosphere.

Greenways - Natural areas that take the form of corridors, often following streams or rivers, and provide opportunities for trails and bike paths connecting scenic areas and other destinations

Greywater – See: *Graywater*.

Gross Debt - The sum total of a state's or local government's debt obligations.

Gross Bonded Debt – The total amount of direct debt of a government represented by outstanding bonds before deduction of any assets available and earmarked for their retirement.

Gross Revenues (For bond purposes) - Generally, all annual receipts of a revenue bond issuer prior to the payment of all expenses. Normally only Net Revenues are pledged to the repayment of bonds.

Growth Management – State requirements related to development and its impact on public infrastructure.

Guaranteed Maximum Price (GMP) – In construction, the amount beyond which a client (project owner) is not obligated to compensate the contractor.

HAZMAT - First Responder Operational level of trained HAZMAT response that generally handles simple, straightforward HAZMAT incidents.

HOA – See: *Homeowners' Association*.

HOME – See: *Home Investment Partnership Program*.

Home Investment Partnership Program (HOME) - A federal program dedicated to expand affordable housing opportunities for local government. It consists of numerous housing programs resultant from the Housing and Community Development Act of 1992.

Homeowners' Association (HOA) – A governing board that establishes rules and regulations for homeowners within its jurisdictional boundaries.

Homestead Exemption - Pursuant to the Florida State Constitution, the first \$50,000 of assessed value of a home, which the owner occupies as principal residence, is exempt from the property tax.

HOPWA - Acronym for "Housing Opportunities for Persons with Aids".

Housing and Urban Development (HUD) – The United States Department of Housing and Urban Development.

HUD – See: *Housing and Urban Development*.

HVAC – Heating, Ventilation, and air conditioning equipment.

Hybrid – See: *Alternative Fuel Vehicle*.

I-net – Institutional network. The I-net is a fiber optic network linking key City facilities to enable/enhance telephone, data and video communications.

ICMA – See: *International City and County Management Association*

I/I – See: *Inflow and infiltration*.

Illegal Dumping - Is disposal of waste in a non-permitted area, such as a back area of a yard, a stream bank, or some other off-road area? Illegal dumping can also be the pouring of liquid wastes or disposing of trash down storm drains. It is often called "open dumping", "fly dumping", and "midnight dumping" because materials are often dumped in open areas, from vehicles along roadsides, and late at night. Illegally dumped wastes are primarily nonhazardous materials that are dumped to avoid paying disposal fees or expending the time and effort required for proper disposal.

Impact Fee – A payment of money imposed by the City upon development activity as a condition of issuance of a building permit to pay for public facilities needed to serve new growth and development, and to mitigate the impacts of the development activity on the existing public facilities.

Impervious Surface - Surface through which water cannot easily penetrate, such as a roof, road, sidewalk, or paved parking lot.

Incremental Budget - A budget which is arrived at by either decreasing or increasing last year's budget. It is based on projected changes in operations and conditions. (Also See: *Zero-Based Budget, Program Budget and Line-Item Budget*).

Indenture of Trust - A legal document describing in specific detail the terms and conditions of a bond offering, the rights of the bondholder, and the obligations of the issuer to the bondholder; such document is alternatively referred to as a bond resolution.

Indoor Air Quality (IAQ) - Indoor pollution sources that release gases or particles into the air are the primary cause of indoor air quality problems in buildings. Inadequate ventilation can increase indoor pollutant levels by not bringing in enough outdoor air to dilute emissions from indoor sources and by not carrying indoor air pollutants out of the home. High temperature and humidity levels can also increase concentrations of some pollutants.

Industrial Development Bonds (IDBs) - Also called Industrial Revenue Bonds (IRBs). Used to finance facilities for private enterprises, water and air pollution control, ports, airports, resource-recovery plants, and housing, among others. The bonds are backed by the credit of the private corporation borrower rather than by the credit of the issuer. Also known as Conduit Bonds. Private purpose

bonds are limited by federal law to \$50 times the state's population on an annual basis.

Industrial Waste - Unwanted materials from an industrial operation; may be liquid, sludge, solid, or hazardous waste.

This system documents such measures through various key workload indicators, efficiency and outcome/effectiveness measures. Performance measures are used as a management tool to identify strengths and detect possible problems. Performance measures are referred to as indicators.

Personal Property - For the purposes of ad valorem taxation, there are four types of personal property:

1. *Household goods* means wearing apparel, furniture, appliances, and other items ordinarily found in the home and used for the comfort of the owner and his or her family. Household goods are not held for commercial purposes or resale. "Intangible personal property" means money, all evidences of debt owed to the taxpayer, all evidences of ownership in a corporation or other business organization having multiple owners, and all other forms of property where value is based upon that which the property represents rather than its own intrinsic value.

2. *Inventory* means only those chattels consisting of items commonly referred to as goods, wares, and merchandise (as well as inventory) which are held for sale or lease to customers in the ordinary course of business. Supplies and raw materials shall be considered to be inventory only to the extent that they are acquired for sale or lease to customers in the ordinary course of business or will physically become a part of merchandise intended for sale or lease to customers in the ordinary course of business. Partially finished products which when completed will be held for sale or lease to customers in the ordinary course of business shall be deemed items of inventory. All livestock shall be considered inventory. Items of inventory held for lease to customers in the ordinary course of business, rather than for sale, shall be deemed inventory only prior to the initial lease of such items. For the purposes of this section, fuels used in the production of electricity shall be considered inventory.

3. *Tangible personal property* means all goods, chattels, and other articles of value (but does not include the vehicular items enumerated in s. 1(b), Art. VII of the State Constitution and elsewhere defined) capable of manual possession and whose chief value is intrinsic to the article itself.

4. *Construction work in progress* consists of those items of tangible personal property commonly known as fixtures, machinery, and equipment when in the process of being installed in new or expanded improvements to real property and whose value is materially enhanced upon connection or use with a preexisting, taxable, operational system or facility. Construction work in progress shall be deemed substantially completed when connected with the preexisting, taxable, operational system or facility. Inventory and household goods are expressly excluded from this definition.
